

# Aura X Automated Pre-Roll Machine

Designed for medium to large operators, this automatic cone-rolling machine is capable of producing up to 36 premium pre-rolls per minute, the equivalent of 2160 pre-rolls per hour. Marrying speed with quality precision and performance.

## **Key Features:**

**Rapid Production** – Capable of upto 36 pre-rolls/min without sacrificing quality.

**Versatile** – Adapts to various strains, cone sizes, and infusions.

**Energy Efficient** – Compact design, low power requirement.

**User Friendly** – Simplified operation, minimal manpower needed.

**Onsite Training** – Our lead tech will train your team during installation.

**24/7 Tech Support** – Our tech team is always available and can even access your machine remotely.

Experience reduced labor costs, increased ROI, and a quality product that stands out in the marketplace with this easy-to-operate pre-roll filling machine.

## Specifications

### SPECIFICATIONS:

- upto 36 pre-rolls/min without sacrificing quality
- Smart Cutting for Any Joint Size. Cuts a single paper size to create varied joint lengths, saving materials
- Versatile Blunt Compatibility. Supports both open and closed blunts in various shapes and sizes
- Materials: Stainless steel frame, food-grade components
- Connectivity: Secured cloud via Wi-Fi/LAN
- Dimensions: 920 mm/36.2 in x 1020 mm/40.2 in x 1413 mm/55.6 in (height)
- Weight: 320 kg / 705 lbs
- Shipping: Crate dimensions 1250 mm/49 in x 1200 mm/47 in x1600 mm/63 in (height); gross weight 420 kg/926 lbs
- Power Requirements: Voltage: 208-240V, Current: 2 x 16A
- Leveling feet
- Sanitary Design with locking casters for unit mobility.
- Single operator Efficiency
- Smart Technology: Real-time monitoring and data support
